The newest concept in extended stay hotels will be coming soon to Lubbock, TX September 2016! The new extended stay hotel is currently under construction at 6219 62nd Street. Lubbock will be the second My Place Hotel to open in the state of Texas, and will continue the growth in the South Central markets. "Lubbock is experiencing tremendous growth as it continues to truly live up to its Hub City status. The region looks to Lubbock for medical care, education, entertainment, business and culture. My partner Alan Rhodes and I both received our undergraduate degrees in Lubbock (Alan at LCU and me at Texas Tech) as well as our law degrees at Texas Tech. We are pleased to bring this exciting new hotel product to the city that has meant so much to both of us over the years. We think Lubbock is an ideal location for the next My Place Hotel, and we think Lubbock is more than ready for a new and fresh economy, extended stay product that is conveniently located near the Marsha Sharp Freeway and Milwaukee Street, only minutes away from Texas Tech and the medical center, in an area which is rapidly becoming the leading retail, dining and entertainment corridor in Lubbock." – Kevin Nelson, KAMP Hotels, LLC.

All My Place Hotels offer modern amenities at an affordable price including daily, weekly, and monthly rate options. Each extended stay guest room will feature a My Kitchen, complete with a two-burner cooktop, a microwave, and a full refrigerator. The property is pet friendly and will also include on-site laundry facilities, free high speed Internet service and a 24-hour My Store, located in the hotel lobby and stocked with an array of supplies for the guests' convenience. Additionally, guests are invited to enjoy a customizable Breakfast in Bed delivery option at a minimal cost.

"We are very pleased to continue our franchise partnership with Kevin Nelson and the team at KAMP Hotels at their planned new location in Lubbock, TX. The location is conveniently placed just off the Marsha Sharp Freeway offering our guests easy access to both Texas Tech and the University Medical Center area.
